# The 3rd ACGG-DB meeting in Okinawa

---

## Date and Venue

---

Date: 23rd and 24th of April, 2012

Venue: Okinawa Industry Support Center, meeting room 304

1831-1 Oroku, Naha City, Okinawa 901-0152 JAPAN

(The venue is three kilometer distance from accommodation. For moving to the venue, let us share taxis in morning.)

## Schedule

---

### April 23

8:45 Move to the Venue, let us gather at hotel lobby.

Share a taxi for four-people. Each share-ride should include one Japanese participant, who pays the taxi fare.

9:30 Start the meeting at room 304, Okinawa Industry Support Center

Major agenda of the day 1 is "Glycoscience Resources Review".

Presenters of morning session are H. Narimatsu, T. Shikanai, T. Kawasaki, I. Yamada, Y. Yamaguchi, and W. Ying.

11:25 Close morning session

Take group photo at the meeting room.

11:45 Lunch Break

Move to cafeteria at ground floor, "Ukon salon" for lunch.

Meal charges for lunch are paid by the organizer beforehand.

12:45 Open afternoon session

Presenters of early part are J. Paulson, R. Raman, N. Packer, and T. Luetkeke.

14:25-14:40 Coffee Break

Presenters after break are R. Ranzinger, K. F. A-Kinoshita, D. Hsu, and J. Kim.

16:00 Close session of the day 1

16:30 short excursion "Shurijo castle"

Move to Shurijo Castle Park by charter bus with professional visitors guide.

18:15 Move to banquet place by the same bus

19:00 Start banquet with local cuisine

All participants are invited.

## April 24

8:45 Move to the Venue, let us gather at hotel lobby.

Share a taxi for each four-people in the same manner.

9:10 Start session the day 2

Major Agenda is "Semantic WEB and Required Technology Development".

Presenters are S. Kawano, JD. Kim, W.S. York, and H. Sawaki.

11:45 Close session

If some spare time and good weather, take group photo outside.

11:45-13:00 Lunch at "Ukon salon" cafeteria

Meal charges for lunch are paid by the organizer beforehand.

13:00-19:00 site-visit OIST

Charter buses pick-up participants at front of the venue building.

## Agenda

---

# “Information and Opinion Exchanges on Glycan Related Informatics, and Looking for the Ways of Cooperation between Eastern and Western Communities”

## Presentation

---

### Day 1: “Glycoscience Resources Review”

[morning session]

9:30–10:00 Hisashi Narimatsu

Review of Asian material and technical resources

10:00–10:20 Toshihide Shikanai

Outline of JCGGDB

10:20–10:35 Toshiyuki Kawasaki

GlycoPOD and GlycoEpitope

10:35–10:50 Issaku Yamada

GlycoNAVI: Chemical Reaction Database, Molecular Information Database and CSEditor

10:50–11:05 Yoshiki Yamaguchi

RIKEN glycan conformation database

11:05–11:25 Wantao Ying

Glycan and glycoproteomics projects in China, with special focus on tumor-related glycoproteins

[11:25–12:45 group photo and lunch]

[afternoon session]

12:45–13:15 Jim Paulson

Functional Glycomics : Opportunities and Challenges

13:15–13:35 Rahul Raman

CFG Databases and Interfaces

13:35–14:05 Nicki Packer

UniCarbKB: is global co-operation in glycomics possible?

14:05–14:25 Thomas Luetke

Databases and Tools of the Glycosciences.de and Monosaccharidedb.org server

[14:25–14:40 coffee break]

14:40–15:00 Rene Ranzinger

Glyco-BioInformatics at the Complex Carbohydrate Research Center

15:00–15:20 Kiyoko F. Aoki-Kinoshita

RINGS as a Web resource for mining glycomics data

15:20–15:40 Daniel Hsu

Lectin Signaling Pathways – distinguishing peptide-glycan versus peptide-peptide interactions

15:40–16:00 Jaehan Kim

Human Glycome Atlas: beyond the functional glycomics

## Day 2: “Semantic WEB and Required Technology Development”

9:10–9:30 Shin Kawano

[Database Integration toward Semantic Web: Development of Ontologies and RDF databases –1](#)

9:30–9:50 Jin-Dong Kim

[Database Integration toward Semantic Web: Development of Ontologies and RDF databases –2](#)

9:50–10:20 Rene Ranzinger

Interactive ontologies in the glycobiology domain

10:20–10:50 Hiromichi Sawaki

Effort for Semantic Web of Glycoscience in Japan

## General Discussion

---

10:50–

“ Future subjects and framework for Semantic WEB in glycoscience”

and

- [BioHackathon 2012 \(BioHachathon site\)](#)

proposal for 2012 meeting as a glycoscience group

candidate project (ex. data-conversion tool...)

- 4th ACGG-DB meeting at Jeju, Korea

Date: October 2012

Venue: [ICC Jeju](#)
